

SURRY COUNTY HEALTH FOUNDATION

118 Hamby Road, Dobson, NC 27017

336-401-8410

Dear Friends of the Surry County Health Foundation:

Since its founding in 1986, the Surry County Health Foundation has been at work enhancing the health of the residents of Surry County. Over the past two decades, the Foundation has made significant contributions to our community through your generous gifts. The Foundation has been instrumental in supporting a number of programs throughout Surry County that help to protect and to promote good health. Most significant is the support of gardens in local schools and day cares to promote healthy eating and the support of a pediatric dental van.

Over the years many worthwhile efforts have been supported through your gifts to the Health Foundation. The efforts of the Foundation are as important as ever and we are committed to supporting healthy futures for our children and families. You can help with your gift of financial support. The Foundation welcomes honorariums and memorials. **Your tax-deductible donation can be sent to the Surry County Health Foundation, 118 Hamby Road, Dobson, NC 27017.**

Thank you for considering the Foundation in your giving.

Sincerely,

Samantha B. Ange
Health Director

Judy Riggs
Chair, Surry County Health Foundation
